Re: **In re Capacitors Antitrust Litigation, Case No. 3:14-cv—03264-JD**

Judge Donato:

IPP class counsel has expressed a concern that the references to “class counsel” in my October 3rd letter to the Court might be misconstrued to include IPP class counsel.

In order to avoid a misunderstanding, I wish to clarify that the references to class counsel in my letter were intended to apply exclusively to DPP class counsel.

Respectfully,

Bilzin, Sumberg, Baena, Price & Axelrod LLP
